New Background Checks and Other Requirements for Health Home Care Managers and Children's 1115 Waiver HCBS Providers

April 2018

Overview of New Statutory Requirements

- The 2018-19 Enacted Budget includes new statutory requirements (Chapter 57 Laws of 2018) related to criminal history record checks, mandated reporter requirements and Statewide Central Register Database checks for certain Health Home care managers and children's HCBS providers
- The purposes of today's Webinar is to provide important information to affected Health Homes and HCBS providers about the new requirements and the process and procedures for complying with background checks, mandated reporter requirements and Statewide Central Register Database checks
- The Webinar is divided into three sections:
 - ***Criminal History Record Checks (CHRC)***
 - ***Statewide Central Register (SCR) Database Checks***
 - ***Mandated Reporter Requirements***
- CCO/HH, HHSC and HCBS providers (as of Jan 1, 2019) will obtain email correspondence requesting agency information and a primary contact person for those agencies and organizations that will be conducting background checks and SCR clearances

Overview of New Statutory Requirements

Effective April 1, 2018, the new statute requires:

- Health Homes and those that subcontract with Health Homes (e.g., care management agencies) that provide Health Home care management to:
 - Health Home enrollees under age 21 – includes members enrolled in Health Homes designated to serve children and adults
 - Individuals enrolled in Health Homes that have a diagnosis of developmental disability as defined in Section 1.03(22) of the New York State Mental Hygiene law, i.e., all members enrolled in designated CCO/HHs that will begin operations on July 1, 2018

To conduct:

- Criminal History Record Checks (CHRC), including finger printing, on prospective employees and
- Statewide Central Register (SCR) Database Checks on prospective employees.

Overview of New Statutory Requirements

The new statute requires:

- Providers of Home and Community Based Services (HCBS) to children under 21 years of age authorized under the Children's 1115 Waiver amendment

To conduct:

- Criminal History Record Checks (CHRC), including finger printing, on prospective employees and
 - Statewide Central Register (SCR) Database Checks on prospective employees.
- ✓ *This provision will not take effect until the 1115 Waiver (requires Federal and State approvals) to provide Children's HCBS is approved and is implemented ("the Children's 1115 Waiver")*
- ✓ *The current anticipated date of implementation of the Children's HCBS is January 1, 2019.*

Overview of New Statutory Requirements

The new statute requires the employees of the following entities to be Mandated Reporters of child abuse or maltreatment:

- Employees that have the potential for regular and substantial contact who are employed by Health Homes, or Health Home care management agencies contracting with a Health Home, designated and authorized under Section 365-l of the Social Services Law
 - Mandated reporter requirements apply to all Health Homes
 - ✓ Health Homes designated to serve adults
 - ✓ Health Homes designated to serve children
 - ✓ Health Homes designated to individuals with intellectual and developmental disabilities – CCO/HHs
- All employees who provide Home and Community Based Services (HCBS) to children under 21 years of age authorized under the Children’s 1115 Waiver amendment (anticipated date of implementation January 1, 2019)

Criminal History Record Checks (CHRC)

What is a Criminal History Record Check (CHRC)?

- Criminal History Record Checks are finger print-based, national Federal Bureau of Investigation (FBI) criminal history record checks

Who Responsible for Requesting and Processing CHRC?

- Employers of covered persons are responsible for requesting and processing the checks
 - ✓ Example: Care Manager X is employed Care Management Agency (CMA) A, that subcontracts with Health Home (HH), the CMA is responsible for submitting and processing the CHRC for Care Manager X
 - ✓ Example: Health Home (HH) directly employs Care Manager X, the Health Home is responsible for submitting and processing the CHRC for Care Manager X
- ***Health Homes are responsible for ensuring the CMAs they subcontract meet CHRC requirements, as well as the Statewide Central Register checks and that mandated reporter requirements are satisfied***

What employees are subject to CHRC?

Any unlicensed person employed by or used by the provider who provides direct care or supervision or has access to a resident's/client's property and belongings

What entities are excluded from CHRC?

- The following entities are NOT subject to CHRC:
 - Professionals licensed under Title 8 of the NYS Education Law (i.e., nurses, physicians, physical and occupational therapists, licensed clinical and/or master social workers, mental health practitioners, etc.)
 - Licensed nursing home administrators, security guards, volunteers and students enrolled in a program leading to a professional license under Article 8 are not subject to the CHRCs. However, aides to such licensed professionals are included
 - ✓ *These exclusions do not apply to aides of licensed professional*
 - ✓ *These exclusions do not apply to the requirements for Statewide Central Register Database Checks.*

- Employees without patient contact – for example, and administrator of a Health Home program

If an Employee Previously Received a Background Check will it transfer?

No, it will not transfer. A new CHRC will be required.

Why are previously conducted background checks not transferable?

Criminal background check results obtained pursuant to one statutory authority, may not be used to satisfy the background check of another program pursuant to a different statutory authority. DCJS and FBI require that programs only seek criminal history record information with respect to individuals covered by that program's statutory authority.

Procedures for Obtaining CHRC for Employees

Systems Used to Process Criminal History Record Checks

- Most CHRC functions are housed in the CHRC application within the **Health Commerce System (HCS)**
 - The Health Commerce System is a secure, web-based, integrated infrastructure for the exchange of Health Information. The CHRC application is used for:
 - Completing and submitting CHRC electronic forms
 - ✓ Application for CHRC
 - ✓ Termination based on findings
 - Processed by Authorized Person (AP)
 - Receiving results and other CHRC communications
 - Paper Forms (102 – Consent Form)
 - Accessing alerts and policies

- Fingerprints are collected and processed by the Live Scan vendor IdentoGo/Morpho Trust, including:
 - Entity to make appointments for submitting fingerprints
 - Entity that receives payments for fingerprints - payment made by credit card

Step by Step Directions to Access CHRC Processing Systems

1. Verify or attain access to the Health Commerce System (HCS)

- If the organization does not have an HCS Coordinator, they would contact the Commerce Accounts Management Unit (CAMU), which manages access to HCS, to be triaged to the appropriate Program Commerce Coordinator (PCC) who will generate the account request forms for both the HCS Director and HCS Coordinator at the organization.
- For CCOs, after the MMISID has been processed, DOH will contact the CCO to finish the onboarding process.
- If you have any questions on HCS access, please send an email through the link below:
https://apps.health.ny.gov/pubdoh/health_care/medicaid/program/medicaid_health_homes/emailHealthHome.action

2. Enter or verify administrator role (AR) on HCS; the AR appoints the Authorized Person (AP)

- Authorized persons will be responsible for submitting and receiving requests for CHRCs.
- APs can be appointed after entities are entered into the CHRC database. Electronic notices will be sent when this step has been completed.

3. Setup an account with Live Scan fingerprint vendor, Identigo/Morpho Trust

- Contact the fingerprint vendor at <http://www.identogo.com/> or
- Call 877-512-6962, then option 2, then 3 on the next menu.

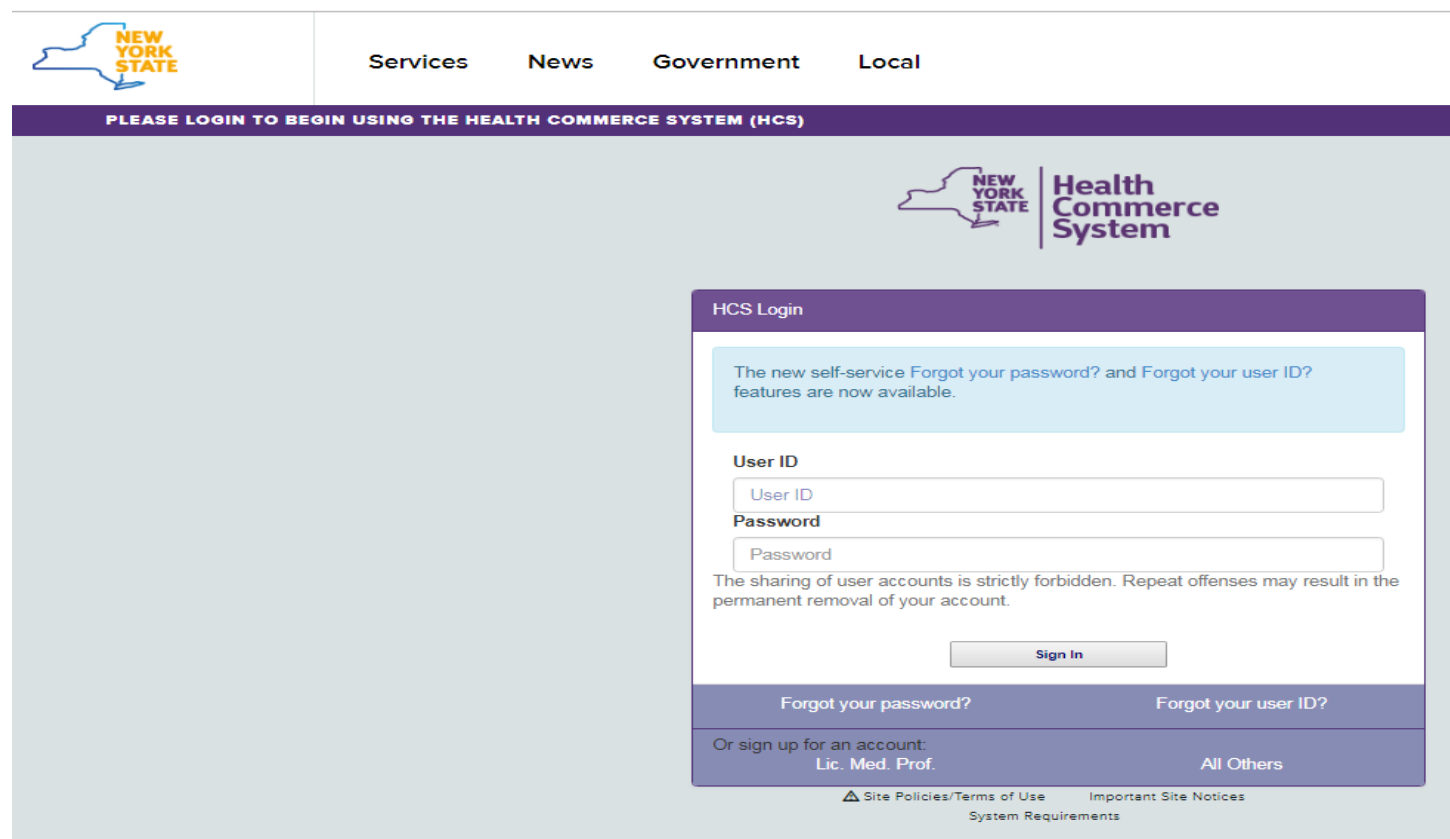

Steps to Establish Authorized Person (AP) in the HCS

1. The provider's HCS Coordinator should place associated individual into the HCS role for "Administrator" (Coordinator's Update Tool). The administrator is the Authorized Representative (AR) who appoints an AP.
2. Administrator proceeds to the HCS, CHRC application (see accessing the HCS slide below), and clicks on "Manage Authorized Persons".
3. Administrator selects facility if associated with more than one.
4. Administrator clicks on "Add a new AP" in the Tool Bar.
5. Administrator puts in the HCS user ID for the person they're trying to add as an Authorized Person.
6. AP attests to the requirements of becoming an AP the first time accessing the CHRC application.

Designating an AP - Accessing the CHRC Menu in the HCS

- Type https://commerce.health.state.ny.us/public/hcs_login.html to access the Health Commerce System (HCS). Enter your HCS user ID and password to sign in.

The screenshot shows the HCS Login page. At the top left is the New York State logo. To its right are navigation links: Services, News, Government, and Local. Below these is a purple banner with the text "PLEASE LOGIN TO BEGIN USING THE HEALTH COMMERCE SYSTEM (HCS)". The main content area features the Health Commerce System logo. A central "HCS Login" box contains a light blue notification: "The new self-service Forgot your password? and Forgot your user ID? features are now available." Below this are input fields for "User ID" and "Password". A "Sign In" button is positioned below the password field. A warning message states: "The sharing of user accounts is strictly forbidden. Repeat offenses may result in the permanent removal of your account." At the bottom of the login box are links for "Forgot your password?" and "Forgot your user ID?". Below the login box, there are links for "Or sign up for an account: Lic. Med. Prof." and "All Others". At the very bottom, there are links for "Site Policies/Terms of Use", "Important Site Notices", and "System Requirements".

I, Cody Pine, certify that the named individual(s) is either not employed/used by this agency or is not in a position subject to a criminal history record check (CHRC). The named individual is therefore not subject to a CHRC unless the individual's employment status changes to one requiring such check, at which time a new application request will be submitted.

Do you want to terminate the following individuals from Z Test Lhcsa (LHCSA) (8888Z888)? If a termination is done in error a new application form will need to be submitted.

Statewide Central Register (SCR) of Child Abuse and Maltreatment Database Checks and Mandated Reporting of Child Abuse and Maltreatment

Statewide Central Register Database Checks

The Statewide Central Register maintains a database with records of reports of child abuse or maltreatment. The purpose of a database check is find out if a prospective employee is a confirmed subject of an indicated report of child abuse or maltreatment. SCR Database checks will be required for Prospective Employees hired on or after April 1 ,2018 that will have the potential for regular and substantial contact with persons served by the following: Health Homes and those that subcontract with Health Homes (e.g., care management agencies) that provide Health Home care management to:

- Health Home enrollees under age 21 – includes members enrolled in Health Homes designated to serve children and adults
 - Individuals enrolled in Health Homes that have a diagnosis of developmental disability as defined in Section 1.03(22) of the New York State Mental Hygiene law, i.e., all members enrolled in designated CCO/HHs that will begin operations on July 1, 2018
- Providers of Home and Community Based Services (HCBS) to children under 21 years of age authorized under the Children's 1115 Waiver amendment
- Please note that SCR database checks are not transferable and are prohibited from being re-disclosed.

Who is required to undergo a SCR database check?

➤ Who is subject to SCR?

- Employees that have the potential regular and substantial contact with enrollees.
 - The agency/program should determine whether someone has the potential for "regular and substantial" contact with children; this requires an individual evaluation of the position and potential type and frequency of interactions by the person in the qualifying role. Consider the potential duration of the contact, and the role of the individual having contact with children, including whether children ever have contact with these type of individuals outside of the presence of the children's parent or guardian.
 - Example: Care Managers

➤ Who isn't subject to SCR?

- Volunteers (unless they are in a role where they have the potential for regular and substantial contact with enrollees, the role is the determining factor, not whether they are paid or unpaid)
- Those who are not expected to have regular and substantial contact with enrollees
 - Example: Administrative staff

How to Request an SCR Database Check

- The New York State Office of Children and Family Services (OCFS) has a web-based application, the “Online Clearance System” (OCS), that allows authorized users to inquire of the SCR as to the existence of any reports of child abuse or maltreatment indicated against an applicant prior to employment.
- The OCS format guides the agency/program worker and/or applicant step-by-step through the electronic entry process. All notifications or response letters from the SCR will be received electronically by the agency/program as well. The OCS will maintain a record of all database check requests submitted by your agency/program and the SCR’s response for six months. This does not eliminate the need for your agency/program to track and maintain SCR database check submissions and the SCR response letters as required by licensing or regulatory standards.
- The OCS can only be used in accordance with Section 424-a of the Social Services Law. The results of SCR database checks are not transferable and are not to be redisclosed.

How to Perform an SCR Database Check

1. The first step is for your agency/program to obtain a valid resource identification number (RID) in order to register to use the OCS. Agencies will receive an email from the State requesting the following information:
 - the name, address and telephone number of your organization
 - the name of a contact person within your organization, along with their email address
2. The second step is to obtain an OCS registration packet. To receive a OCS registration packet, please call the SCR at 518-474-1567 or submit a request to OCFS.SM.ocs.user.assistance@ocfs.ny.gov. The packet will also be available online.
3. Upon completion of the registration process, OCFS will create an account for the agency/program liaison designated on the Agency Information Registration Sheet. After the registration packet has been processed, the liaison will receive an email with their user name and password.
4. The OCS can be accessed at <https://ws04.nyenet.state.ny.us/> . This will take you to the OCS log-in page where you will enter your user name and password. From there, follow the data entry instructions.

Obtaining Required Information to Request an SCR Database Check

- In order to submit an SCR database check request, the agency/program will need to gather required information from the Prospective Employee.
- The LDSS-3370 form can be used for your convenience in obtaining the required information from the Prospective Employee. Please do not mail this form to the SCR. The entire database check process occurs electronically in the OCS.
- Once you have data entered the required information into the OCS, you must click “Submit” for the information to be sent to the SCR. You will receive an immediate electronic acknowledgement of that submission.

Database Check Results

- If the prospective employee is not found to be a confirmed subject of an indicated report, the agency/program will receive notification that the SCR has no record of the applicant being an indicated subject of a report of child abuse or maltreatment.
- If the prospective employee is found to be the subject of an indicated report, the SCR is required to send a letter informing the applicant of their due process rights. The applicant is given ninety days to respond back to the SCR in writing that he or she wants to exercise their due process rights through the administrative review and fair hearing process. If the SCR does not hear back from the applicant within the timeframe, the SCR will then notify the agency/program that the SCR has a record of the individual being an indicated subject of a report.

Database Check Request Results – Administrative Review/Fair Hearing Process

- If the prospective employee is found to be the subject of an indicated report and the SCR receives a written request from the individual, the SCR will commence the Administrative Review/Fair Hearing process.
- If the results of the Administrative Review/Fair Hearing process reverse the findings, and the applicant is found to be a non-confirmed subject, the agency/program will be notified that the SCR has no record of the applicant being an indicated subject of a report of child abuse or maltreatment.
- If the results of the Administrative Review/Fair Hearing process uphold the findings, the agency/program will be notified that the SCR has a record of the individual being an indicated subject of a report.
- Please note: If a prospective employee is found to be the subject of an indicated report, and the individual avails themselves of their due process rights, the agency/program will not receive any notification from the SCR until the Administrative Review/Fair Hearing process is complete. This may take several months. During this time, the applicant may not have unsupervised contact with persons served by the agency/program.

Database Check Request Results – Administrative Review/Fair Hearing Process continued

- If an agency/program is notified that the SCR has a record of an applicant being an indicated subject of a report, the notification will not contain any details related to the report of abuse or maltreatment.
- An indicated SCR report is not an automatic exclusion from employment.
- The agency/program can request that the applicant sign an authorization for release of information allowing the agency/program to make a request of the SCR to obtain a copy of the indicated SCR report. After reviewing the records, it is the employer's discretion as to whether they hire or do not hire the prospective employee.
