49 PART C

50 Section 1. Section 1 of part FFF of chapter 56 of the laws of 2020  
51 relating to directing the department of health to remove the pharmacy  
52 benefit from the managed care benefit package and to provide the pharma-

1 cy benefit under the fee for service program, is amended to read as  
2 follows:

3 Section 1. The Legislature hereby finds and declares that medical  
4 assistance for needy persons is a matter of public concern and a neces-  
5 sity in promoting the public health and welfare and for promoting the  
6 state's goal of making available to everyone, regardless of race, age,  
7 gender, national origin or economic standing, uniform, high-quality  
8 medical care. As the department of health is the single state agency  
9 responsible for supervising the administration of the state's medical  
10 assistance program (Medicaid), it is tasked with ensuring efficiency,  
11 economy, and quality of care in providing benefits to the state's needy  
12 persons. To this end and with the fiscal constraints facing our state in  
13 mind, the department of health continues to analyze the Medicaid program  
14 in search of ways to ensure Medicaid spending is held to the standard of  
15 efficiency, economy, and quality of care. In consideration of this stan-  
16 dard, the department of health is hereby directed to exercise its exist-  
17 ing administrative authority to remove the pharmacy benefit from managed  
18 care benefit package and instead provide the pharmacy benefit under the  
19 fee for service program, except where otherwise required by federal law,  
20 to ensure transparency and that the benefit is provided to the fullest  
21 extent and as efficiently as possible; provided, however, that the  
22 department of health shall not implement the transition of the pharmacy  
23 benefit from the managed care benefit package to the fee for service  
24 program sooner than April 1, [2021] 2023, and until it is satisfied that  
25 all necessary and appropriate transition planning has occurred, in its  
26 sole discretion, and federal approvals have been obtained and prepara-  
27 tions have been made. Furthermore, to ensure an orderly transition,  
28 continued access to medications, and appropriate patient education and  
29 support, the department may establish uniform standards, payment poli-  
30 cies and reimbursement methodologies for any sites where drugs may be  
31 administered or dispensed under the fee for service program; provided  
32 that, subject to the availability of federal financial participation,  
33 when reimbursing covered entities, as defined under section 340B of the  
34 public health service act (42 U.S.C. §256b), for drugs that would other-  
35 wise be eligible for pricing under section 340B of the public health  
36 service act, the department shall examine all reasonably available meth-  
37 ods for determining actual acquisition cost and the professional  
38 dispensing fee and, beginning in the fiscal year starting April 1,  
39 [2021] 2023, review and adjust reimbursement for such drugs such that no  
40 sooner than April 1, [2023] 2025, reimbursement shall be determined  
41 based on a method that the commissioner determines that utilizes the  
42 actual acquisition costs and professional dispensing fee.

43 § 2. This act shall take effect immediately and shall be deemed to  
44 have been in full force and effect on and after April 1, 2021.

45

## PART D

47 public health law, as amended by section 2 of part KK of chapter 56 of  
48 the laws of 2020, is amended to read as follows:

49 (c) In order to reconcile capital related inpatient expenses included  
50 in rates of payment based on a budget to actual expenses and statistics  
51 for the rate period for a general hospital, rates of payment for a  
52 general hospital shall be adjusted to reflect the dollar value of the  
53 difference between capital related inpatient expenses included in the  
54 computation of rates of payment for a prior rate period based on a budg-

1 et and actual capital related inpatient expenses for such prior rate  
2 period, each as determined in accordance with paragraph (a) of this  
3 subdivision, adjusted to reflect increases or decreases in volume of  
4 service in such prior rate period compared to statistics applied in  
5 determining the capital related inpatient expenses component of rates of  
6 payment based on a budget for such prior rate period. For rates effec-  
7 tive [on and after] April first, two thousand twenty through March thir-  
8 ty-first, two thousand twenty-one, the budgeted capital-related expenses  
9 add-on as described in paragraph (a) of this subdivision, based on a  
10 budget submitted in accordance to paragraph (a) of this subdivision,  
11 shall be reduced by five percent relative to the rate in effect on such  
12 date; and the actual capital expenses add-on as described in paragraph  
13 (a) of this subdivision, based on actual expenses and statistics through  
14 appropriate audit procedures in accordance with paragraph (a) of this  
15 subdivision shall be reduced by five percent relative to the rate in  
16 effect on such date. For rates effective on and after April first, two  
17 thousand twenty-one, the budgeted capital-related expenses add-on as  
18 described in paragraph (a) of this subdivision, based on a budget  
19 submitted in accordance to paragraph (a) of this subdivision, shall be  
20 reduced by ten percent relative to the rate in effect on such date; and  
21 the actual capital expenses add-on as described in paragraph (a) of this  
22 subdivision, based on actual expenses and statistics through appropriate  
23 audit procedures in accordance with paragraph (a) of this subdivision  
24 shall be reduced by ten percent relative to the rate in effect on such  
25 date. For any rate year, all reconciliation add-on amounts calculated on  
26 and after April first, two thousand twenty shall be reduced by ten  
27 percent, and all reconciliation recoupment amounts calculated on or  
28 after April first, two thousand twenty shall increase by ten percent.  
29 Notwithstanding any inconsistent provision of subparagraph (i) of para-  
30 graph (e) of subdivision nine of this section, capital related inpatient  
31 expenses of a general hospital included in the computation of rates of  
32 payment based on a budget shall not be included in the computation of a  
33 volume adjustment made in accordance with such subparagraph. Adjustments  
34 to rates of payment for a general hospital made pursuant to this para-  
35 graph shall be made in accordance with paragraph (c) of subdivision  
36 eleven of this section. Such adjustments shall not be carried forward  
37 except for such volume adjustment as may be authorized in accordance  
38 with subparagraph (i) of paragraph (e) of subdivision nine of this  
39 section for such general hospital.  
40 § 2. This act shall take effect immediately and shall be deemed to

43 Section 1. The public health law is amended by adding a new article  
 44 29-J to read as follows:

45 ARTICLE 29-J

46 MEDICAL RESPITE PROGRAM

47 Section 2999-hh. Medical respite program.

48 § 2999-hh. Medical respite program. 1. Definitions. As used in this  
 49 article, the following terms shall have the following meanings, unless  
 50 the context clearly otherwise requires:

51 (a) "Medical respite program" means a not-for-profit corporation  
 52 certified pursuant to subdivision two of this section to serve recipi-  
 53 ents whose prognosis or diagnosis necessitates the receipt of:

54 (i) Temporary room and board; and

1 (ii) The provision or arrangement of the provision of health care and  
2 support services; provided, however, that the operation of a medical  
3 respite program shall be separate and distinct from any housing programs  
4 offered to individuals who do not qualify as recipients.

5 (b) "Recipient" means an individual who:

6 (i) Has a qualifying health condition that requires treatment or care;

7 (ii) Does not require hospital inpatient, observation unit, or emer-  
8 gency room level of care, or a medically indicated emergency department  
9 or observation visit; and

10 (iii) Is experiencing homelessness or at imminent risk of homeless-  
11 ness. A person shall be deemed "homeless" if they lack a fixed, regular  
12 and adequate nighttime residence in a location ordinarily used as a  
13 regular sleeping accommodation for people; provided, however, that an  
14 operator of a medical respite program shall be permitted to specialize  
15 by providing services to a subpopulation of homeless recipients if  
16 necessary to respond to community need or ensure the availability of a  
17 funding source that will support the medical respite program's oper-  
18 ations, and such limitations are otherwise consistent with any rules or  
19 regulations made pursuant to this section.

20 2. Certification. (a) Notwithstanding any inconsistent provision of  
21 law, the commissioner may certify a not-for-profit corporation as an  
22 operator of a medical respite program.

23 (b) The commissioner may make regulations to establish procedures to  
24 review and approve applications for a certification pursuant to this  
25 article, which shall, at a minimum, specify standards for: recipient  
26 eligibility; medical respite program services that shall be provided;  
27 physical environment; staffing; and policies and procedures governing  
28 health and safety, length of stay, referrals, discharge, and coordi-  
29 nation of care.

30 3. Operating standards; responsibility for standards. (a) Medical  
31 respite programs certified pursuant to this article shall:

32 (i) Provide recipients with temporary room and board; and

33 (ii) Provide, or arrange for the provision of, health care and support  
34 services to recipients.

35 (b) Nothing in this article shall affect the application, qualifica-  
36 tion, or requirements that may apply to an operator with respect to any  
37 other licenses or operating certificates that such operator may hold,  
38 including, without limitation, under article twenty-eight of this chap-  
39 ter or article seven of the social services law.

40 4. Temporary accommodation. A medical respite program shall be consid-  
41 ered a form of emergency shelter or temporary shelter for purposes of  
42 determining a recipient's eligibility for housing programs or benefits  
43 administered by the state or by a local social services district,  
44 including programs or benefits that support access to accommodations of  
45 a temporary, transitional, or permanent nature. No claim of recovery  
46 shall accrue against a recipient to recover the cost of care and  
47 services provided under this article. Care and services provided under  
48 this article shall not be deemed public benefits that would affect a  
49 recipient's immigration status under federal law.

50 5. Inspections and compliance. The commissioner shall have the author-  
51 ity to inquire into the operation of any certified medical respite  
52 program and to conduct periodic inspections of facilities with respect  
53 to the fitness and adequacy of the premises, equipment, personnel, rules  
54 and by-laws, standards of medical care and services, system of accounts,  
55 records, and the adequacy of financial resources and sources of future  
56 revenues.

1 6. Suspension or revocation of certification. (a) A certification for  
 2 a medical respite program may be revoked, suspended, limited, annulled  
 3 or denied by the commissioner, in consultation with either the commis-

43 surgeons were insured by another insurer during such periods, all or a  
44 pro rata share of the surcharge, as the case may be, shall be remitted  
45 to such other insurer in accordance with rules and regulations to be  
46 promulgated by the superintendent. Surcharges collected from physicians  
47 and surgeons who were not insured during such policy periods shall be  
48 apportioned among all insurers in proportion to the premium written by  
49 each insurer during such policy periods; if a physician or surgeon was  
50 insured by an insurer subject to rates established by the superintendent  
51 during such policy periods, and at any time thereafter a hospital,  
52 health maintenance organization, employer or institution is responsible  
53 for responding in damages for liability arising out of such physician's  
54 or surgeon's practice of medicine, such responsible entity shall also  
55 remit to such prior insurer the equivalent amount that would then be  
56 collected as a surcharge if the physician or surgeon had continued to

1 remain insured by such prior insurer. In the event any insurer that  
2 provided coverage during such policy periods is in liquidation, the  
3 property/casualty insurance security fund shall receive the portion of  
4 surcharges to which the insurer in liquidation would have been entitled.  
5 The surcharges authorized herein shall be deemed to be income earned for  
6 the purposes of section 2303 of the insurance law. The superintendent,  
7 in establishing adequate rates and in determining any projected defi-  
8 ciency pursuant to the requirements of this section and the insurance  
9 law, shall give substantial weight, determined in his discretion and  
10 judgment, to the prospective anticipated effect of any regulations  
11 promulgated and laws enacted and the public benefit of stabilizing  
12 malpractice rates and minimizing rate level fluctuation during the peri-  
13 od of time necessary for the development of more reliable statistical  
14 experience as to the efficacy of such laws and regulations affecting  
15 medical, dental or podiatric malpractice enacted or promulgated in 1985,  
16 1986, by this act and at any other time. Notwithstanding any provision  
17 of the insurance law, rates already established and to be established by  
18 the superintendent pursuant to this section are deemed adequate if such  
19 rates would be adequate when taken together with the maximum authorized  
20 annual surcharges to be imposed for a reasonable period of time whether  
21 or not any such annual surcharge has been actually imposed as of the  
22 establishment of such rates.

23 § 5. Section 5 and subdivisions (a) and (e) of section 6 of part J of

2 2828 to read as follows:

3 § 2828. Residential health care facilities; minimum direct resident  
4 care spending. 1. (a) Notwithstanding any law to the contrary, the  
5 department shall promulgate regulations governing the disposition of  
6 revenue in excess of expenses for residential health care facilities  
7 consistent with this section. Beginning on and after January first, two  
8 thousand twenty-two, every residential health care facility shall spend  
9 a minimum of seventy percent of revenue on direct resident care, and  
10 forty percent of revenue shall be spent on resident-facing staffing,  
11 provided that amounts spent on resident-facing staffing shall be  
12 included as a part of amounts spent on direct resident care.

13 (b) Fifteen percent of costs associated with resident-facing staffing  
14 contracted out by a facility for services provided by registered profes-  
15 sional nurses or licensed practical nurses licensed pursuant to article  
16 one hundred thirty-nine of the education law or certified nurse aides  
17 who have completed certification and training approved by the department  
18 shall be deducted from the calculation of the amount spent on residen-

24 minimum amount necessary to comply with the minimum spending standards  
25 for resident-facing staffing or direct resident care, calculated on an

36 deposit such recouped funds into the nursing home quality pool, as set  
37 forth in paragraph d of subdivision two-c of section two thousand eight
